

SHANNON LAWN & LANDSCAPING, INC
BUSINESS REGISTRATION #B-1650 (revised 01/14/25)

A Dylox 6.2
B Manufacturer: Bayer
C EPA REG # 5481-641-432
D Active ingredients-Trichlorfon, Dimethyl (2,2,2-trichloro-1-hydroxy-ethyl) phosphonate.....6.2%..
Other ingredients.....93.8%
Total:100.0%
E Signal Word: Caution
F Harmful if swallowed. Causes moderate eye irritation. Do not take internally. Do not breathe dust. Avoid contact with eyes, skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some people.
G This product is toxic to fish, birds, and wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply when turf grass areas are water-logged, or the soil is saturated with water (i.e., will not allow penetration into the root zone of the plant) Avoid run-off or puddling of irrigation water following application.
To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems. Use only as directed on this label. Do not use on crops used for food or forage.
H Emergency phone #--1-800-334-7577

A All Seasons Horticultural and Dormant Spray Oil Concentrate
B Manufacturer: Bonide Products, Inc.
C EPA Reg. # 4-80
D Active ingredient: *Petroleum Oil 98%
E Signal word: Caution
F Causes moderate eye irritation. Avoid contact with eyes or Clothing. Wash thoroughly with soap and water after handling & Before eating, drinking, chewing gum or using tobacco. Wear long Sleeved shirt, long pants, shoes, socks & waterproof gloves.
G This product is toxic to fish. To protect the environment, do not Allow pesticide to enter or run off into storm drains, drainage Ditches, gutters or surface waters. Applying this product in calm Weather when rain is not predicted for the next 24 hours will help To ensure that the wind or rain does not blow or wash pesticide Off the treatment area. Rinsing application equipment over the Treated area will help avoid run off to water bodies or drainage Systems. Apply this product according to the label.
H Emergency #: National Pest. Info Center 1-800-858-7378

A Wisdom TC Flowable
B Manufacturer: AMVAC Chemical Corporation
C EPA REG NO. 5481-520
D Active Ingredients: Bifenthrin*.....7.9%
OTHER INGREDIENTS.....92.1%
TOTAL.....100.0%
*Cis isomers 97% minimum, trans isomers 3% maximum.
Wisdom TC Flowable contains ¾ pound active ingredient per gallon.
E Signal Word: Caution
F Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes, or clothing. Avoid Breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.
G This pesticide is extremely toxic to fish and aquatic invertebrates. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Care should be used when spraying to avoid fish and reptile pets in/around ornamental ponds. To protect the environment, do not allow the pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems. Do not apply this product or allow it to drift to blooming crops or weeds if bees are foraging the treatment area
H Emergency #: 1-800-424-9300, 1-888-681-4261

A TREFLAN*5G
B Manufacturer: LEBANON
C EPA Reg. No. 961-405
D Active Ingredients: *trifluralin:a.a.a-trifluoro-2,6-dinitro N-N-dipropyl-p-toluidine...5.0%
E Signal Word: CAUTION
F Causes eye irritation. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing pesticide material and contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Remove clothing and wash before reuse. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothes. Users should wash hands before eating, drinking, chewing gum, using tobacco and using the toilet.

G This pesticide is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high-water mark. Drift or runoff from treatment areas may be hazardous to aquatic organisms in neighboring aquatic sites. Do not contaminate water when disposing of equipment washwaters.
H Emergency #: 1-800-424-9300.

A GrowStar Dimension 0.10% + Fertilizer (18-0-3)
B Manufacturer-TurfCare Supply Corp.
C EPA Reg. No. 62719-486-82757
D Active Ingredients: dithiopyr: 3,5-pyridinedicarbothioic acid, 2-(difluoromethyl)-4-(2-methylpropyl)-6-(trifluoromethyl)-S,S-dimethyl ester.....0.1%
OTHER INGREDIENTS.....99.9%
Total.....100.0%
E Signal Word: CAUTION
F CAUSES EYE IRRITATION. HARMFUL IF INHALED. Avoid contact with eyes or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Prolonged or frequently repeated skin contact while handling this material may cause allergic reactions in some individuals.
G This product is toxic to fish and highly toxic to other aquatic organisms including oysters and shrimp. Use with care when applying to turf areas adjacent to any body of water. Drift and runoff from treated turf may adversely affect aquatic organisms in adjacent aquatic sites. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high-water mark. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water when disposing of equipment washwaters.
H Emergency Phone # 1-800-992-5994

A Tempo SC Ultra Insecticide
B Manufactured by : Bayer Environmental Science
C EPA Reg. No. 432-1363
D Active Ingredients: B-Cyfluthrin, Cyano (4-flouro-3-(2,2-Dichloroethenyl)-2,2-dimethyl-cyclopencarboxlate
E Signal Word: CAUTION
F Harmful if swallowed, inhaled, or absorbed through skin Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. G This product is extremely toxic to aquatic organisms. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow to drift on blooming crops or weeds if bees are visiting the proposed area.
H Emergency # 1-800-334-7577

A Armor Tech Zoxy-PG
B Manufacturer United Turf Alliance, LLC
C EPA REG NO -- 53883-440-86064
D Active Ingredients: Azoxystrobin.....0.31%
Propiconazole.....0.75 %
OTHER INGREDIENTS:98.94 %
TOTAL:100.00 %
Contains 0.0075 lb. propiconazole and 0.0031 lb. azoxystrobin per lb. of product.
E Signal Word – CAUTION
F Causes moderate eye irritation. Harmful if swallowed. Harmful if absorbed through skin. Harmful if inhaled. Avoid contact with skin, eyes or clothing.
Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
G This pesticide is toxic to freshwater and estuarine/marine fish and aquatic invertebrates. Do not apply directly to water except as specified on this label. For terrestrial uses: Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment wash water or rinsate. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas.
H Emergency # (866) 897-8050

A Lesco Momentum 4-Score Herbicide
B Manufacturer – PBI Gordon Corporation
C EPA REG NO #2217-1034-10404
D Active Ingredients: Fluroxypyr-meptyl 4.46%, Triclopyr, TEA salt 4.01%, Sulfentrazone 0.87%, 2,4-D, DMA salt 14.99%, other ingredients 75.67%
E Signal Word – Caution
F Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
G This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Do not apply directly to water, to areas where surfac water is present, or to intertidal areas below the mean high-water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate. This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application

around a cistern or well may result in contamination of drinking water or groundwater.
H Emergency # Chemtrec 1-800-424-9300, 1-877-800-5556

A Ranger Pro Herbicide
B Manufacturer-Monsanto Company
C EPA REG NO – 524-517
D Active Ingredient *Glyphosate, N-(phosphonomethyl)glycine, in the form of its isopropylamine salt.....41.0%
OTHER INGREDIENTS (including surfactant):.....59.0%
Total100.0%
E Signal Word-Warning
F Eye contact, short term: May cause temporary eye irritation. Skin contact, short term: Not expected to produce significant adverse effects when recommended use instructions are followed. Inhalation, short term: Not expected to produce significant adverse effects when recommended use instructions are followed. Single ingestion: Not expected to produce significant adverse effects when recommended use instructions are followed.
G Environmental precautions Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters.
H Emergency # 1-314-694-4000

A Q-BALL Herbicide
B Manufacturer –Nufarm Americas Inc.
C EPA REG NO – 228-744
D Active Ingredient dimethylamine salt of quinclorac: 3, 7-dichloro-8-quinolinecarboxylic acid.....18.92%*
Other ingredients.....81.08%
TOTAL.....100.00%
*Equivalent to: 1.50 lbs. quinclorac: 3,7-dichloro-8-quinolinecarboxylic acid per gallon (15.98% ae).
E Signal Word-CAUTION
F Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.
G This chemical has properties and characteristics associated with chemicals detected in groundwater. This chemical may leach into groundwater if used in areas where soils are permeable, particularly where the water table is shallow.
Keep out of lakes, ponds, and streams. DO NOT apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. DO NOT contaminate water by cleaning of equipment or disposal of rinsate.

A The Andersons Fertilizer with Dimension & Acelepryn (13-0-3)
B The Andersons
C EPA REG NO – . 9198-254
D Active Ingredient: Chlorantraniliprole*
3-Bromo-N-[4-chloro-2-methyl-6-[(methylamino)carbonyl]phenyl]-1-(3-chloro-2-pyridinyl)-1H-pyrazole-5-carboxamide.....0.067%
Dithiopyr, 3,5-pyridinedicarbothioic acid, 2-(difluoromethyl)-4-(2-methylpropyl)-6-(trifluoromethyl)-S,S-dimethyl ester.....0.167%
Other Ingredients Other Ingredients99.766%
TOTAL.....100.000%
*Chlorantraniliprole belongs to the anthranilic diamide chemical class
E Signal Word – Caution
F Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.
G This product is toxic to fish and highly toxic to other aquatic organisms including oysters and shrimp. Use with care when applying to turf areas adjacent to any body of water. Do not apply directly to water. Do not apply where/when conditions favor runoff. Runoff from treated turf may adversely affect aquatic organisms in water adjacent to use sites. Do not contaminate water when disposing of equipment washwaters or rinsate. Surface Water Advisory: This product may contaminate water through runoff. This product has a high potential for runoff for several months or more after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product. A level, well-maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams and springs will reduce the potential for contamination of water from runoff. Runoff of this product will be reduced by avoiding applications when rainfall is forecasted to occur within 48 hours.
H Emergency Phone # 1-800-757-8951
